

OCCUPATIONAL SAFETY & HEALTH, DISABILITY MANAGEMENT/ RETURN TO WORK SERVICE PROVIDER LISTINGS

Produced by the Workers Compensation Board of Manitoba and the Workplace Safety and Health Division of Manitoba Labour and Immigration June 2010

Updates available at www.wcb.mb.ca and www.safemanitoba.com

Occupational Safety & Health, Disability Management/Return to Work Service Provider Listings

The development of sound safety and health programs in the workplace leads to fewer injuries, fewer claims to the Workers Compensation Board and lower costs for everyone.

This Service/Service Provider Listing has been prepared by the Workers Compensation Board of Manitoba and the Workplace Safety and Health Division of the Department of Labour and Immigration to encourage employers and workers to improve safety in their workplaces. It does this by providing a guide to various organizations that offer workplace safety and health resources and/or services. The listing provides assistance on where to go for help when dealing with various workplace safety issues such as training, hazardous chemicals, WHMIS, etc.

Any workplace, regardless of size, can manage injuries in the workplace more effectively using some basic principles. In its simplest term, “return to work” is developing a way to meet the needs of ill or injured workers in order to bring them back to health and work. The result? The development of a sound return to work program can lead to a reduction in lost work time, maintaining productivity, a reduction in the time between the onset and the worker’s safe return to work and a reduction in the cost of disability – including WCB assessments.

The listing is divided into two sections as follows:

Section 1 – lists various safety & health and disability & return to work problems together with those organizations (government, non-profit and private-sector companies and consultants) which may be able to offer some assistance with a particular issue. In most cases the organizations are based in Winnipeg but are willing to provide services outside Winnipeg. Some have offices outside Winnipeg as well, and others are based in other communities.

A number of organizations referenced in Section 1 charge on a “fee for service” basis. Generally, organizations that charge fees for service do not do so for information in advance, providing that long consultations or on-site visits are not involved.

Section 2 – provides information that will assist you to make contact with the various organization listed in the first two sections.

The information provided, while as comprehensive as possible, is not necessarily a complete list of all the various organizations providing some health and safety assistance. To be included on this list, please contact the SAFE Work Services Department of the Workers Compensation Board at 1-204-954-4501.

Note: *Persons and companies are included in this listing on a voluntary basis. The Workers Compensation Board of Manitoba does not approve, endorse or accept responsibility for the use of any products or services offered for sale by the listed suppliers. The listing is intended for information use only.*

1 Life Workplace Safety & Health Ltd

Health and Safety Programs – My Safety Assistant (MSA) Consulting;

Legal Compliance – Audits, Gap Analysis, Inspections;

Library – My Safety Assistant, Newsletter, Website;

Risk Assessment – Audits, Gap Analysis, Inspections, Consulting;

Safety/Health Training – Supervisor Essentials, CSA2

Workplace Hazardous Materials Information Systems (WHMIS) – Training, Audits and Programs;

Work Site Safety – Inspections, Audits

A-1 Environmental Services

Confined Space Entry – Tank & Pit Entry;

ALP & Associates Incorporated

Risk Assessment – Major Industrial Accident Risk Assessment, Risk-based Prioritization and Resource Allocation, Emergency Planning and Risk Management System

AMEC Earth & Environmental

Air Safety – Air Quality Testing, Indoor Air Quality Testing;

Environmental – Phase I, II, III Site Assessment and Remediation, Site Monitoring, Risk Assessment, Audits, Consulting, Spill Clean Up/Emergency Response, Soil and Water Testing, UST Removals;

Hazardous Chemicals – Asbestos, Asbestos Consulting, Worker Training, Mould Assessment & Removal, Laboratory Analysis, Hazardous Materials Assessment & Abatement;

Health & Safety Programs – Industrial Hygiene, Safe Work Procedures, Practices, Job Hazards Analysis, Safety & Health Consultant;

Legal Compliance – Program Auditing;

Noise Control & Hearing Conservation – Environmental and Occupational Noise Testing;

Personal Protective Equipment (PPE) – Training & Consulting;

Respiratory Safety – Fit Testing & Training;

Risk Assessment – Environmental Assessment, Risk Assessment;

Safety & Health Training – Asbestos, Mould, Indoor Air Quality, Hazardous Materials, Respirator, etc

Testing – Asbestos and Mould, Ground and Water Analysis, Laboratory Analysis, Soil Analysis;

Work Site Safety – Site Remediation, Site Inspections

Aon Reed Stenhouse Inc.

Confined Space Entry – Confined Space Identification and Risk Assessment, Program Development and Training;

Environmental – Site Assessment, Environmental Impact Assessment, License Application, National Pollutant Release Inventory Reporting, Environmental Policy and Procedure Development;

Ergonomics – Computer Workstation Assessments, Employee/Workplace Committee Training in Musculoskeletal Injury (MSI) Prevention;

Fire Safety – Fire Extinguisher Training, Comprehensive Range of Fire Risk Control Consulting Available;

Hazardous Chemicals – WHMIS Training Delivery or Custom WHMIS Program Development (Train the Trainer);

Health & Safety Programs – Policy and Procedure Development, Employee and Management Roles/Responsibility Training, Safe Work Procedure Development Service or Workshop Training, Job Hazard Analysis or JHA Workshop Training for committee or Employees, Workplace Safety and Health and Risk Control Inspection, Inspector Train the Trainer, Health and Safety Program Audit Development or Auditing Services, Health and Safety Compliance Audit Development or Auditing Service, Third Party Verification of Safety Management System Via OHS Management System Gap Analysis;

Legal Compliance – Legislative Training, Legal Compliance Audits/Assessments, Regulatory Review for Companies;

Library – Bulletins, Safety Talks;

Noise Control & Hearing Conservation – Program Development and Training, Sound Pressure Level Monitoring and Reporting;

Personal Protective Equipment (PPE) – Policy Development, PPE Use and Maintenance Training;

Respiratory Safety – Quantitative and Qualitative Fit Testing and Use Training;

Risk Assessment – Anonymous Voting Software and Risk Assessment Workshops by Professional Risk Control Consultants;

Safety/Health Training – Confined Space Entry, Construction Safety, Employee & Management Education, Fire Protection Procedures, Powered Lift, Site Hazard Assessment, Spill Control, Transportation of Dangerous Goods, WHMIS (All training is customized to the client and this listing is not all inclusive);

Workplace Hazardous Material Information System – WHMIS Training and Delivery or Custom WHMIS Program Development (Train the Trainer), Consultation;

Work Site Safety – Operational Risk Control Assessments, Incident Investigation and Audits, Work Site Inspections

Applifast Inc.

Ergonomics – Tools, Balancers, Work Stations, Anti-Fatigue Matting;

Personal Protective Equipment – Occupational Skin Care Products

Assured Safety

Job Task Analysis, Policy & Legal, Training;

Ergonomics – Physical Demands Analysis (PDA);

Fire Safety – Fire Safety Planning;

Health & Safety Programs – Training & Development;

Legal Compliance – Safety and Health Legislation Training;

Personal Protective Equipment – Training;

Section 1

Safety/Health Training– WHMIS, Legislation, First Aid;
Workplace Hazardous Materials Information System – WHMIS Training;
Work Site Training – Inspection, Site Safety Coordinator

BH Safety Services & Consulting

Personal Protective Equipment – Flame Resistant/Arc Clothing

Case Management Canada

Advocates for Employers, Appeal Representatives, Case Management, Case Management Audits, Claims Disability, Claim Investigation, Disability Program Audits, Disability Management, Injury Claim Investigation, Injury Prevention, Integrated Disability Claims Management, Return to Work Products, Return to Work Programs, Risk Management, WCB Assessment Rate Review/Analysis;

Risk Assessment – Risk Management Services;

Work Site Safety – Accident Investigations

Construction Safety Association of Manitoba (CSAM)

Air Safety – CO Monitoring;

Confined Space Entry – Confined Space Entry, Program Development & Training;

Environmental – Environmental Consulting;

Ergonomics – Ergonomics Consulting, Ergonomic Training;

Fire Safety – Audits & Training, Fire Protection Consulting, Fire Protection Training, Fire Safety Consulting;

Hazardous Chemicals – Transportation of Dangerous Goods;

Health & Safety Programs – Employee & Management Education, First Aid/CPR Training, Policy/Program Development, Safe Work Procedures, Practices, Job Hazard Analysis, Safety & Health Audits, Safety & Health Consultant, Safety Inspections;

Legal Compliance – Accreditation Preparation, Consultation, Guidelines & Standards, Legislative Training;

Library Information – Interpretation and Application of Regulation Consulting, Research/Information on Health and Safety Topics, Resource Library;

Noise Control & Hearing Conservation – Hearing and Noise Equipment, Program Development & Training;

Personal Protective Equipment (PPE) – Policy Development, Program Development;

Respiratory Safety – Program Development & Training, Respiratory Protection Consulting;

Risk Assessment – Policy/Program Development;

Safety Equipment – Training;

Safety/Health Training – Audits, Confined Space Entry, CPR, Construction Safety, Fall Protection, Fire Protection Procedures, First Aid, Employee & Management Education, Equipment Safety, Fall Protection, First Aid, Industrial, Powered Lift, Safe Work Practice/Procedure Development, Safety Inspection, Site Hazard Assessment, Spill Control;

Testing – Sound Pressure Level;

Workplace Hazardous Material Information System – Consulting and Training;

Work Site Safety – Investigations/Audits, Site Assessment

Section 1

DST Consulting Engineers Inc.

Air Safety – Asbestos, Mould & Occupational Hygiene Air Monitoring Programs, Indoor Air Quality Assessments, Post Duct Cleaning Testing;

Environmental – Phase I, II & III ESA's, Remediation, Site Monitoring, Pre-demolition Assessments, Underground Storage Tank Removal, Hazardous Materials Consulting;

Hazardous Chemicals – Hazardous Product Inventories and Programs, Audits, Chemical Storage Audits & Training;

Health & Safety Programs – Asbestos, Mould and Safety Program Development, Development of Safe Work Procedures;

Legal Compliance – Compliance Audits;

Noise Control and Hearing Conservation – Noise Surveys and Worker Exposure Assessments;

Respiratory Safety – Respirator Fit Testing and Training;

Risk Assessment – Environmental Assessments;

Safety/Health Training – Asbestos, Mould, Indoor Air Quality, Hazardous Materials, Respirator, Safe Work Procedures;

Testing – Asbestos, Mould, Lead, PCB, Soil and Water Contamination;

Work Site Safety – Asbestos, Lead, Mould & Other Hazardous Materials Assessments and Remediation Inspections

E.K. Gillin & Associates Inc.

Confined Space Entry – Program Development & Training;

Environmental – Environmental Assessment;

Ergonomics – Ergonomic Assessment, Ergonomics Consultant;

Hazardous Chemicals – Spill Cleanup, Transportation of Dangerous Goods, Waste Audit, Waste Management;

Health & Safety Programs – Policy/Program Development, Safety & Health Audits;

Legal Compliance – Legal Compliance Audits, Noise Control and Hearing Conservation (Hearing and Noise Testing);

Personal Protective Equipment (PPE) – Policy Development, Program Development;

Respiratory Safety – Consulting & Training;

Risk Assessment – Safety, Health & Environmental Audits;

Safety Equipment – Consulting & Training;

Safety/Health Training – Confined Space Entry, Construction Safety, CPR, Environmental Compliance, Equipment Safety, Fall Protection, Fire Protection Procedures, First Aid, Hazardous Materials, Industrial, Indoor Air Quality, Loss Control Management, Powered Lift, Respiratory Protection, Safe Work Practice/Procedure Development, Safety Committee, Safety Inspections, Safety Programming, Site Hazard Assessment, Spill Control, Transportation of Dangerous Goods, WHMIS;

Vibration – Consulting & Training;

WHMIS – Consulting & Training;

Work Site Safety – Consulting & Training

Enabling Access

Disability & Return to Work, Job Task Analysis, Rehabilitation Services, Policy & Legal, Program Development/Audits, Training;

Ergonomics – Ergonomic Assessments and Education;

Health & Safety Programs – Ergonomics Policy Development, Disability Management;

Risk Assessment – Job Demands Analysis, Functional Capacity Evaluations, Post-offer Pre-placement Testing, Return to Work Programming, Functional Capacity Evaluations;

Safety/Health Training – Education on Nutrition, Manual Material Handling, Occupational Vibration Exposure, Managing Stress, Aging Workplace, Yoga in the Workplace;

Vibration – Education;

Work Site Safety – Work Site Safety

Ergonomic Specialties Inc.

Ergonomics – Ergonomics Assessment, Ergonomic Equipment

Fire Plan Strategies Inc.

Fire Safety – Fire Safety & Disaster Planning & Training, Fire Extinguisher Training;

Health and Safety Programs – Fire Safety & Disaster Planning & Training, Fire Extinguisher Training;

Risk Assessment – Fire Safety Audits;

Safety Equipment – Emergency Response Signage;

Safety/Health Training – Fire Safety & Disaster Planning & Training;

Flett Research Ltd.

Environmental – Mercury and Radioactivity Analysis

Human Factors North Inc.

Ergonomics – Ergonomic Reviews, Assessments;

Risk Assessment – Musculoskeletal Disorder Risk Assessment;

Safety/Health Training – Ergonomic Awareness Training for Computer Users, Materials Handling Training, Office Ergonomics Workshops;

Industrial Health and Safety Solutions

Confined Space Entry – Awareness and Entry;

Fire Safety – Portable Extinguisher Training;

Noise Control & Hearing Conservation – Mobile Testing, SLM and Dosimetry;

Respiratory Safety – Qualitative and Quantitative Respiratory Fitness;

Safety/Health Training – TDG & CRP/First Aid;

Workplace Hazardous Materials Information Systems (WHMIS) - WHMIS

Manitoba Brain Injury Association Inc.

Library – Information on Brain Injuries

Manitoba Heavy Construction Association, Safety, Health and Environment Program (SHEP)

Confined Space Entry – Program Development & Training;
Environmental - Environmental Awareness and Emergency Response Training;
